This Ordinance amends Section 505.08 of the Codified Ordinances of the City of Worthington to regulate chickens (layer hens). This Ordinance is accompanied by an Ordinance amending Section 1123.02 and Section 1149.08 of the Planning & Zoning Code.

### RECOMMENDATIONS

Introduce for a Public Hearing on Tuesday, January 16, 2024.

Staff is recommending **approval** of the proposed text changes to the Codified Ordinances of the City of Worthington to lessen the restrictions on permitting chickens (layer hens) that adheres to the rules and regulations outlined by Columbus Public Health.

### BACKGROUND/DESCRIPTION:

In early 2023 City Council discussed exploring the City's restrictions on permitting backyard chickens (layer hens). At the May 1, 2023, City Council meeting, City staff was directed to review and propose Code language that would change the current chicken regulation to be less restrictive by the end of 2023.

Since then, City staff was tasked with exploring more in-depth the approaches other communities have utilized to permit backyard chickens and identifying key regulatory areas that should be examined further. As Worthington contracts with Columbus Public Health (CPH) to provide public health services, staff met with CPH to discuss their backyard chicken permitting process and learn more about their approach from a public health rationale.

On October 9, 2023, City staff invited Dr. Aaron K. Messer who is the Public Health Veterinarian and Registered Environmental Health Specialist with Columbus Public Health to review their program with City Council to answer questions. After the presentation, City Council directed staff to draft regulations that would permit backyard chickens (layer hens) in the City of Worthington following the City of Columbus's guidelines for backyard chickens (layer hens).

City staff has drafted language that would lessen the setback restriction for backyard chickens (layer hens) while following Columbus Public Health Guidelines for backyard chickens.

On December 14, 2023, Dr. Aaron K. Messer attended the Architectural Review Board and Municipal Planning Commission meeting and provided a similar presentation that was presented to City Council and answer questions.

City staff is recommending changes to Part Five – General Offenses Code – Section 505.08 Nuisance Conditions Prohibited of the Codified Ordinances and changes to Section 1123.02 Accessory Use or Structure and Section 1149.08 Special Yard Requirements of the Planning & Zoning Code that would permit chickens (layer hens) within the City of Worthington following the City of Columbus's rules and regulations for chickens.

  - ***Sections 1123.02 and 1149.08 will be amended by a separate Ordinance under the Planning & Zoning Code of the Codified Ordinances of the City of Worthington.***
- If approved by City Council, the proposed changes to Section 1123.02 and 1149.08 will be effective 60-days after passage and publication pursuant to the Charter provisions for zoning code amendments.
- To provide consistency, the ordinance amending Section 505.08 states that chicken permits may not be issued until after the effective date for the ordinance amending Section 1123.02 and Section 1149.08 (approximately March 18<sup>th</sup>). However, it does allow for applications to be submitted after the effective date of the ordinance (approximately Feb. 8<sup>th</sup>).

## MEMORANDUM

TO: Robyn Stewart, Acting City Manager  
David McCorkle, Assistant City Manager

FROM: R. Lee Brown, Director of Planning & Building

DATE: December 20, 2023

SUBJECT: Set Public Hearing Date - Ordinance amending Section 1123.02 Accessory Use or Structure and Section 1149.08 Special Yard Requirements of the Planning & Zoning Code that would permit chickens (layer hens) within the City of Worthington. **APZ 02-2023**

---

### EXECUTIVE SUMMARY

This Ordinance amends Section 1123.02 Accessory Use or Structure and Section 1149.08 Special Yard Requirements of the Planning & Zoning Code that would permit chickens (layer hens) within the City of Worthington following the City of Columbus's rules and regulations for chickens. This Ordinance is accompanied by an Ordinance amending Section 505.08 of the General Offences of the Codified Ordinances of the City of Worthington. This Ordinance was introduced on November 20, 2023, and referred to the Municipal Planning Commission for review and is now before you to set a public hearing date for the proposed changes.

### RECOMMENDATIONS

A motion to set a Public Hearing Date for Tuesday, January 16, 2024.

On December 14, 2023, the Municipal Planning Commission reviewed and recommended **approval** of the proposed text amendments.

To view the meeting, please go to the [December 14, 2023, Architectural Review Board/Municipal Planning Commission](#).

Staff is recommending **approval** of the proposed text changes to the Planning & Zoning Code to lessen the restrictions on permitting chickens (layer hens) that adheres to the rules and regulations outlined by Columbus Public Health.

## **BACKGROUND/DESCRIPTION:**

In early 2023 City Council discussed exploring the City's restrictions on permitting backyard chickens (layer hens). At the May 1, 2023, City Council meeting, City staff was directed to review and propose Code language that would change the current chicken regulation to be less restrictive by the end of 2023.

Since then, City staff was tasked with exploring more in-depth the approaches other communities have utilized to permit backyard chickens and identifying key regulatory areas that should be examined further. As Worthington contracts with Columbus Public Health (CPH) to provide public health services, staff met with CPH to discuss their backyard chicken permitting process and learn more about their approach from a public health rationale.

On October 9, 2023, City staff invited Dr. Aaron K. Messer who is the Public Health Veterinarian and Registered Environmental Health Specialist with Columbus Public Health to review their program with City Council to answer questions. Subject: Selby Bridge Project – Temporary Connector

**EXECUTIVE SUMMARY**

In preparation for the upcoming bridge replacement project on West Selby Boulevard, staff has been coordinating with the Village of Riverlea to create a temporary road connection between Melbourne Place and Northbrook Drive West. Riverlea’s Village Council unanimously passed an easement agreement in December 2023 to allow this connection to proceed. This agenda item will present an overview of temporary roadway’s purpose and need as well as the easement agreement with Riverlea.

**RECOMMENDATION**

Present for discussion.

**BACKGROUND/DESCRIPTION**

Worthington is partnering with ODOT on a project to replace the existing bridge on West Selby Boulevard over Rush Run. Routine inspections revealed deterioration of the bridge structure, leading to a recommendation that the bridge be replaced. Staff sought grant dollars through the State of Ohio’s Municipal Bridge Program. Our application was successful, and Worthington has been awarded up to \$1,102,000 towards the replacement of this bridge.

Due to deterioration of the bridge, a weight restriction was posted along West Selby Boulevard. Vehicle weights are restricted to approximately 60% of the bridge’s original capacity. This weight limit accommodates all residential vehicles and common commercial trucks, but may restrict large commercial trucks and certain emergency vehicles.

West Selby Boulevard provides the sole means of access to 84 Worthington households in the Northbrook and Chaucer subdivisions. Although a public road connecting Northbrook Drive to Melbourne Place was envisioned during the subdivision's platting, that was never constructed. As a result, the neighborhood relies heavily on this bridge. Although the West Selby bridge project is designed to maintain vehicle traffic throughout construction, it does increase the risk this vital connection is unexpectedly closed or further restricted.

Out of an abundance of caution, staff began seeking a secondary route into the neighborhood via an extension of Melbourne Place. Over the second half of 2023, staff engaged neighbors and the Village of Riverlea to garner support for a temporary roadway connection. At their December 2023 council meeting, the Village of Riverlea authorized an access agreement that grant Worthington the ability to construct and maintain a temporary access road between Melbourne Place and Northbrook Drive West.

Staff will be presenting an overview of the proposed project and access agreement with Riverlea. A future agenda item will seek approval for the City Manager to enter the agreement with the Village of Riverlea.

BETWEEN  
VILLAGE OF RIVERLEA AND CITY OF WORTHINGTON**

This Right of Way Easement Agreement (“Easement Agreement”) is made and entered into by and between the **VILLAGE OF RIVERLEA, OHIO**, a municipal corporation (“Riverlea”) and the **CITY OF WORTHINGTON, OHIO**, a municipal corporation (“Worthington”), and in consideration of the terms and conditions contained herein and for other good and valuable consideration, the receipt and legal sufficiency of which is acknowledged, the parties hereto agree as follows:

**1. Description of Easement Area.** Riverlea is the owner of the land described below (the “Easement Area”):

The portion of Melbourne Place that was vacated by Ordinance No. 152, passed by the Village Council of the Village of Riverlea, Ohio September 12, 1958 as recorded in Deed Book 2137, page 236 Recorder’s Office, Franklin County, Ohio.

Prior Instrument References: Instrument # 195902030001791 and Instrument # 195902030001787, Recorder’s Office, Franklin County, Ohio.

Street Address: 0 Melbourne Place Parcel ID: 253-002662-00

**2. Use and Purpose.** Riverlea does hereby grant a  fifty  (50) foot wide temporary right of way easement across the Easement Area to Worthington to be used for the construction and maintenance of a  twenty three  (23) foot wide temporary gravel access road connecting Melbourne Place and Northbrook Drive West (the “Access Road”) as depicted in Exhibit A.

Construction of the Access Road will occur prior to the beginning of work on the West Selby Bridge, which is tentatively scheduled for the second half of 2024. The Access Road will be closed with barricades until the start of construction on the West Selby Bridge.

Except for an unanticipated full closure of West Selby Boulevard, the Access Road is intended for use only by vehicles exceeding the weight limits shown on the Bridge Load Rating Summary Report attached hereto as Exhibit B. Vehicles exceeding the weight limits in Exhibit B will be directed to follow the alternate route through the Village of Riverlea indicated on Exhibit C. This alternate route is not intended for the use of construction vehicles serving the West Selby Bridge project or the Access Road.

**3. Term.** The term of this Easement Agreement shall commence upon the Grantee’s entry upon the described real property for construction of the Access Road and terminate upon the completion of construction related to the West Selby Bridge.

**4. Construction/Maintenance.** The Access Road shall be installed, constructed, maintained, and serviced in accordance with all applicable local, state, or federal laws, rules, and regulations, and applicable engineering standards. Worthington shall comply with any applicable prevailing wage provisions of Chapter 4115 of the Ohio Revised Code. Worthington will maintain the Access

Road in good condition and will remove from Melbourne Place loose stone or debris generated by the Access Road.

Worthington will erect traffic control devices alongside the Access Road to guide traffic and enhance nighttime visibility. Worthington will post temporary no parking signs along the North side of Melbourne Place between the Access Road and Olentangy Boulevard. These no parking signs and any signage along the alternate route illustrated in Exhibit C will be provided and installed by Worthington.

If collateral damage occurs within or adjacent to the Easement Area due to construction of the Access Road, The City of Worthington shall be responsible for repairing or restoring the affected area back to a condition like or better than existed prior to construction.

**5. Restoration and Sidewalk.** Worthington, as soon as is practicable after all entries made pursuant to the rights granted herein, shall cause restoration of the Easement Area by returning the subject property to its former grassed open space condition as nearly as is reasonably possible. Worthington will remove the access road and restore the grade of the easement area by placing soil to match the grade of the access road. Drainage patterns within the construction area will be maintained in the existing east to west fashion. Upon removal of the temporary Access Road, Worthington will install a five (5) foot wide sidewalk linking the existing sidewalk along Northbrook Drive West to Melbourne Place. The sidewalk will be constructed as close as is reasonably possible to the southern side of Melbourne Place.

Restoration will also include reinstallation of the reflective signage and wooden barricade at the end of Melbourne Place. Worthington will coordinate with the Village of Riverlea on the appropriate configuration of the signs and barricade.

Worthington will plant two (2) or more trees within Worthington's Melbourne Place right of way to offset the tree removal necessary for construction of the Access Road.

Restoration of the Easement Area will be performed to the satisfaction of both The City of Worthington and Village of Riverlea.

**6. Just Compensation.** Riverlea hereby releases and discharges Worthington from any further claims for Ohio Constitution, Article I, Section 19 just compensation resulting from the granting of the temporary right of way easement.

**7. Trash Collection Coordination.** Worthington will coordinate with Local Waste Services to arrange for Monday trash collection on Northbrook Drive, Melbourne Place, West Selby Boulevard, and Chaucer Court during the period of construction of the West Selby Boulevard bridge project.

**8. Notifications and Monitoring.** Worthington will provide bi-weekly updates to the Mayor of Riverlea on the status of the West Selby Bridge project and the Access Road. Worthington will communicate the Access Road's use restrictions to the residents of Riverlea and Worthington. Worthington will periodically monitor traffic on the Access Road for the presence of unintended

vehicle users. Worthington will install a traffic camera to monitor the Access Road for unintended uses. Should an unanticipated full closure of West Selby Boulevard occur, Worthington will notify the Mayor of Riverlea and provide daily updates until West Selby Boulevard is re-opened.

**9. Side-by-side 12' span x 8' rise precast box culverts rated per As-Built Plans dated 12-1982 and ASTM C850 (based on note in As-Built Plans). Reinforcement ratio used in the rating is for 12x8 boxes in Table 2 of ASTM C850 specification. Skew = 32.5 degrees. Material strength per As-Built Plans:  $F_c' = 4.0$  ksi,  $F_y = 60$  ksi. Depth of fill = 1.29' to 2.47'. Deterioration is included in the rating based on measurements taken at the time of the routine inspection, performed on 07.14.2020. Top slab, bottom layer reinforcement is adjusted to account for governing location with 4 broken longitudinal bars in a row (west barrel). Adjusted EV load factors for non-interstate bridges: EV2=1.3, EV3=1.1

From: Robyn Stewart, Acting City Manager

Subject: VISION IMPLEMENTATION TEAMS – STATUS UPDATE

---

**EXECUTIVE SUMMARY**

Time is provided to discuss the current status and next steps for the Vision Implementation Teams.

**BACKGROUND/DESCRIPTION**

On May 15, 2023, City Council passed Resolution No. 34-2023 creating seven Vision Implementation Teams and appointing the leadership of the teams. The Resolution indicated the teams were “to assist the Council in implementing the vision statements through the inventory of actions already being pursued, the evaluation of action ideas suggested during the visioning process, the engagement of the people knowledgeable about the subject area to prepare recommendation to be shared with the public for feedback and to identify and recommend two to three actions that Council could choose to pursue to achieve the vision.”

Last June, a kickoff training session was held with the co-chairs and staff members assigned to each of the teams. During this session, a process was outlined that the teams could follow to complete the responsibilities as outlined in the Resolution. The recommended process involved the following steps:

1. Review of current actions and initiatives
2. Brainstorming of new action items
3. Narrowing of the list of action items to 3-5
4. Getting public feedback on the 3-5 items
5. Finalizing 2-3 items to recommend to City Council

We have reached Step 5. Staff collected the lists and descriptions of the three to five items and consolidated them for public feedback. A survey was distributed virtually as well as in paper form at the Municipal Building, Griswold Center and Community Center. An open house was held on December 13<sup>th</sup> from 4:30 to 6:30 p.m. for the public to drop in to discuss the ideas with representatives of each vision team and provide feedback. City staff recently

provided summaries of the feedback from the survey and open house for the teams. We anticipate the teams will meet in January to review the feedback and finalize the 2-3 action items they are recommending to City Council.
